Application No. 09/698,491 ON PETITION

Filed: 27 October, 2000 Atty Docket No. 285277-00015

This is in response to the petition filed 2 November, 2005, under 37 CFR 1.137(a), which is first treated as a petition to withdraw the holding of abandonment of the above-identified application.

The petition is **DISMISSED**.

Any request for reconsideration of this decision must be submitted within TWO (2) MONTHS from the mail date of this decision. Extensions of time under 37 CFR 1.136(a) are

A grantable petition under 37 CFR 1.137(a) must be accompanied by:

⁽¹⁾ the required reply, unless previously filed; In a nonprovisional application abandoned for failure to prosecute, the required reply may be met by the filing of a continuing application. In a nonprovisional utility or plant application filed on or after June 8, 1995, and abandoned for failure to prosecute, the required reply may also be met by the filing of a request for continued examination in compliance with § 1.114. In an application or patent, abandoned or lapsed for failure to pay the issue fee or any portion thereof, the required reply must be the payment of the issue fee or any outstanding balance thereof. In an application, abandoned for failure to pay the publication fee, the required reply must include payment of the publication fee.

⁽²⁾ the petition fee as set forth in 37 CFR 1.17(1); (3) a showing to the satisfaction of the Commissioner that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(a) was unavoidable; and

⁽⁴⁾ any terminal disclaimer (and fee as set forth in 37 CFR 1.20(d)) required pursuant to 37 CFR 1.137(c)).

permitted. The reconsideration request should include a cover letter entitled "Renewed Petition under 37 CFR 1.137(a)" or "Renewed Petition to withdraw the holding of abandonment," or as discussed below "Renewed Petition under 37 CFR 1.137(b)."

The application became abandoned on 7 May, 2005, for failure to timely respond to the Notice of Non-Compliant Amendment mailed on 6 April, 2005, which set a one (1) month period for reply. No extensions of the time for reply under 37 CFR 1.136(a) were obtained. Notice of Abandonment was mailed on 28 October, 2005.

PETITION TO WITHDRAW HOLDING OF ABANDONMENT

Petitioners assert that the Notice mailed on 6 April, 2005, was not received. In the absence of any irregularity in the mailing of the Notice, there is a strong presumption that the Notice was properly mailed to practitioner at the address of record. presumption may be overcome by a showing that the Notice was not in fact received. The showing required to establish the failure to receive an Office communication must include a statement from the practitioner stating that the Office communication was not received by the practitioner and attesting to the fact that a search of the file jacket and docket records indicates that the Office communication was not received. A copy of the docket record where the non-received Office communication would have been entered had it been received and docketed must be attached to and referenced in practitioner's statement.2 The showing outlined above may not be sufficient if there are circumstances that point to a conclusion that the Office communication may have been lost after receipt rather than a conclusion that the Office communication was lost in the mail.

A review of the record indicates that the Notice mailed on 6 April, 2005, was properly mailed to the practitioner of record at the correspondence address of record at the time of mailing. Thus, there was no irregularity in mailing the Notice of Allowance on the part of the United States Patent and Trademark Office.

In support of the petition, petitioners have submitted a copy of the docket record where the non-received Notice would have been entered had it been received, and a statement from the practitioner stating the Office action was never received.

²See "Withdrawing the Holding of Abandonment When Office Actions Are Not Received" 1156 Official Gazette 53 (November 16, 1993) and M.P.E.P. § 711.03(c).

The petition is dismissed because petitioners have not provided the required statement by the practitioner attesting to the fact that a search of the file jacket and docket records indicates that the Office communication was not received (emphasis added). A copy of the docket record where the non-received Office communication would have been entered had it been received and docketed must be attached to and referenced in practitioner's statement. Any renewed petition must include this statement.

PETITION UNDER 37 CFR 1.137(a)

The Commissioner may revive an abandoned application if the delay in responding to the relevant outstanding Office requirement is shown to the satisfaction of the Commissioner to be "unavoidable". Decisions on reviving abandoned applications on the basis of "unavoidable" delay have adopted the reasonably prudent person standard in determining if the delay was unavoidable:

The word 'unavoidable' . . . is applicable to ordinary human affairs, and requires no more or greater care or diligence than is generally used and observed by prudent and careful men in relation to their most important business. It permits them in the exercise of this care to rely upon the ordinary and trustworthy agencies of mail and telegraph, worthy and reliable employees, and such other means and instrumentalities as are usually employed in such important business. If unexpectedly, or through the unforeseen fault or imperfection of these agencies and instrumentalities, there occurs a failure, it may properly be said to be unavoidable, all other conditions of promptness in its rectification being present.⁵

⁴ 35 U.S.C. § 133.

In re Mattullath, 38 App. D.C. 497, 514-15 (1912) (quoting Ex parte Pratt, 1887 Dec. Comm'r Pat. 31, 32-33 (1887)); see also Winkler v. Ladd, 221 F. Supp. 550, 552, 138 USPQ 666, 167-68 (D.D.C. 1963), aff'd, 143 USPQ 172 (D.C. Cir. 1963); Ex parte Henrich, 1913 Dec. Comm'r Pat. 139, 141 (1913). In addition, decisions on revival are made on a "case-by-case basis, taking all the facts and circumstances into account." Smith v. Mossinghoff, 671 F.2d 533, 538, 213 USPQ 977, 982 (D.C. Cir. 1982). Finally, a petition cannot be granted where a petitioner has failed to meet his or her burden of establishing that the delay was "unavoidable." Haines v. Quigg, 673 F. Supp. 314, 316-17, 5 USPQ2d 1130, 1131-32 (N.D. Ind. 1987).

The showing of record is inadequate to establish unavoidable delay within the meaning of 35 U.S.C. § 133 and 37 CFR 1.137(a). Specifically, an application is "unavoidably" abandoned only where petitioner, or counsel for petitioner, takes all action necessary for a proper response to the outstanding Office action, but through the intervention of unforeseen circumstances, such as failure of mail, telegraph, facsimile, or the negligence of otherwise reliable employees, the response is not timely received in the Office.

As stated above, petitioner has not provided a sufficient showing that the Notice mailed on 6 April, 2005, was not received. Additionally, petitioner has provided no further showing that the failure to timely respond to the 6 April, 2005, Notice was unavoidable. As such, the petition is dismissed.

ALTERNATIVE VENUE

Petitioner may wish to consider filing a renewed petition under 37 CFR 1.137(b), which now provides that where the delay in reply was unintentional, a petition may be filed to revive an abandoned application or a lapsed patent pursuant to 37 CFR 1.137(b). A grantable petition pursuant to 37 CFR 1.137(b) must be accompanied by:

- (1) the required reply, unless previously filed. In a nonprovisional application abandoned for failure to prosecute, the required reply may be met by the filing of a continuing application. In a nonprovisional utility or plant application filed on or after 8 June, 1995, and abandoned for failure to prosecute, the required reply may also be met by the filing of a request for continued examination in compliance with § 1.114. In an application or patent, abandoned or lapsed for failure to pay the issue fee or any portion thereof, the required reply must be the payment of the issue fee or any outstanding balance thereof.
 - (2) the petition fee as set forth in 37 CFR 1.17(m);
- (3) a statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional. The Commissioner may required additional information where there is a question whether the delay was unintentional; and
- (4) any terminal disclaimer (and fee as set forth in 37 CFR 1.20(d)) required pursuant to 37 CFR 1.137(c)).

 $^{^{6}}$ See MPEP 711(c)(III)(C)(2) for a discussion of the requirements for a showing of unavoidable delay.

Ex parte Pratt, 1887 Dec. Comm'r Pat. 31 (Comm'r Pat. 1887).

The filing of a petition under the unintentional standard cannot be intentionally delayed and therefore should be filed promptly. A person seeking revival due to unintentional delay cannot make a statement that the delay was unintentional unless the entire delay, including the delay from the date it was discovered that the application was abandoned until the filing of the petition to revive under 37 CFR 1.137(b), was unintentional. A statement that the delay was unintentional is not appropriate if petitioner intentionally delayed the filing of a petition for revival under 37 CFR 1.137(b).

A copy of the form for filing a petition under 37 CFR 1.137(b) to revive an application unintentionally abandoned is enclosed herewith for petitioner's convenience.
